

OBSTETRICS SERVICES

Welcome to the department of Obstetrics and Gynaecology at the JPMC. We strive to provide caring compassionate and comprehensive healthcare for our women. Our gynaecologist, obstetricians, endocrinologists, nurses and nurse practitioners, technicians and other health experts work together to provide a welcoming and a safe atmosphere for women during their visits. We provide a wide range of advanced maternity, fertility and gynaecological services.

Our Obstetricians, midwives and nurses will take time to answer your questions and keep you informed throughout the care process so together we can achieve the best possible outcomes.

Your pregnancy care starts with:
